

Trần Tuấn Linh

Software Enginner

Date of birth: Dec 3, 1995
Gender: Male
Phone: 0387719856
Email: tuanlinhtran1995@gmail.com
Address: Hanoi, Vietnam
Website: LinkedIn: Linh Tran

OBJECTIVE

Determine to be a world-class software engineer
Build smart products to solve social challenges

EDUCATION

2013 - 2017 **Degree of Bachelor in Information Technology (Honors Program)**
University of Engineering and Technology, Ha Noi
Degree classification: Distinction
Cumulative Grade Point Average: 3.38/4.0

WORK EXPERIENCE

10/12/2018 - 16/08/2019 **MB SHINSEI - MCREDIT**
Java Engineer
- Mobile For Sales: System to help sales push customer loan contract to Loan Origination System (LOS or BPM) or financial company
- Tool Control Debt Collection and Disbursement: Get data from third party 's remote serve and compare with Mcredit documents
- Web Socket: System to help communicate between web application and mobile application
- Scan document function: System to recognize texts from printed documents (Tesseract OCR)

1/8/2016 - 6/10/2018 **Viettel Network Technologies Center**
Software Engineer
- Implemented modules working with relational database and key-value database for million subscribers.
- Improved efficiency and performance of modules for million subscribers
- Design and maintain java webs utilizing zk framework
- Perform in-depth research on video streaming

1/8/2016 - 30/5/2017 **Human Machine Interaction Laboratory - UET**
Junior Reseacher
Doing research in fruit recognition project: an application to recognize fruit online
- Develop Android client to interact with users
- Improved image quality using some Digital Image processing

algorithms

- Build python server and integrate Deep Learning: Convolutional Neural network to recognize fruit image

SKILLS

Java

- Java core: Java concurrent, thread pool, class loader, Regex...
- Design Patterns: Singleton, Factory, Observer, Builder, Decorator, Strategy Design Pattern...
- Java frameworks: zk, hibernate, jersey, JUnit, restful
- Design and work with relational and key-value database
- Develop and optimize Java software for million subscribers
- Good use of GIT, Maven, and tools such as Tomcat, Eclipse, Source Tree

Basic Computer Science Knowledge

Have basic computer science knowledge in network, operating system, database...

English

- Have sound command of english in technical areas, but lack of fluency in conversational english
 - Got B2 - equivalent to IELTS 5.5, tested by Vietnam National University in 2016.
 - 690 TOEIC, tested by Viettel Groups in 2017
-
